The committee of business men of this piace who recently visited Salt Lake City for the purpose of interviewing State officials and leading politicians in regard to this matter, give out the most encouraging reports of their progress in obtaining an office for Price.

S. R. E. C. Lee, formerly a member of the State Legislature, is also interested in this project, in conjunction with the Hon. H. P. Myton, United States Marshal Heywood and a number of other influential men.

W. H. Donaldson, the outgoing County Cierk of Carbon county, and one of the chief movers in the scheme, is sanguine of success, and when spoken to on the subject teday sald that from all appearances the scheme was an assured success.
